### ECO-FRIENDLY SURFEX

### Eco-friendly SURFEX

SURFEX interior film is an eco-friendly surface finish material that has passed various tests. Its natural composition, along with our wide range of designs, makes us the leading provider in Eco Friendly, Sustainable Film.

#### INDOOR BUIDLING MATERIALS TESTED

Building materials for indoor use is granted. (Formaldehyde, toluene and volatile organic compounds TVOC, etc. Test three kinds of emissions to determine their suitability.)

ANTI-BACTERIA FILM

#### Anti-bacteria safety solutions

A more comfortable and safe space with a Surfex antimicrobial safety solution can be directed (check out the Anti-bac-teria logo family, which is certified for antimicrobial perfor-mance)

#### Selected as a promising enterprise in South Korea

For more than 10 years, we have been a companion for community and social development. Maintaining sustainable management, we understand our most valuable assets are our people, that's why we have focused heavily on development and maintenance programs for our employees.

ENAC

**K**FI

#### **BESPOKE LANTERN DESIGNS**

Film has developed its own design and has a unique lantern design. In 2020, we were certified as an excellent company in technology evaluation.

#### Excellent Flame-retardant performance & safety

This product has passed the strict flame-retardant test of the Fire Industry Institute of Technology. (Korea) Excellent flame-retardant performance and stability protects you and your property.

#### Flame-retardant & Eco-Certified from Spain

It is a fire and eco-friendly certification related to Spain building materials. Surfex products are gas-free, formaldehyde and eco-friendly building materials Tested and verified for safety.

(ENAC Verification Number 2019AN3043)

PREMIUM COLLECTION for the most matte and stylish design and space connection with near-zero glossiness, a variety of veneers, abstract patterns and fabrics are now PREMIUM MATT for a more luxurious material expression.

Incine,

Monotonous but modern, it's a colourful solid for the space. From basic solids with colour, embossed products with new embosses in a variety of colours, to changes in the painted range for a more diverse blend of colours. Surfex solids are now enriched by new colours and ranges.

# STONE

Apply a natural (floating) sensibility and original design to your space with colours such as concrete, stone and marble, and three-dimensional embossing.

With its unchanging beauty, the stone material blends harmoniously with a variety of textured materials, including metal, matte and light, to add weight to the space. create a more luxurious atmosphere.
